

# American Society of Heating, Refrigerating and Air-Conditioning Engineers, Inc. (ASHRAE): Grant-in-Aid for Graduate Students

The Grant is intended to encourage the student to continue his/her preparation for service in the HVAC&R industry. The relevance of the research proposed by the candidate is a consideration for awarding the grant. The Grant-in-Aid is made through the university solely for the support of the student in an amount not to exceed US \$10,000 per school year per student and is not renewable. Typical expenditures include living expenses, tuition, travel to ASHRAE meetings, experimental equipment, and supplies.
