

Fulbright Canada Mitacs Globalink Program

The Fulbright-MITACS Globalink is intended for US Students interested in coming to Canada to undertake advanced research projects for 10 to 12 weeks (between May and August) in their area of interest. Projects will be drawn from a broad cross-section of research topics covering all academic disciplines and students will be placed with a university research project and undertake research projects under the supervision of a professor. Students will be given the opportunity to take part in professional training as well as extensive opportunity for cultural, social, and recreational experiences.

Application Materials

- A completed application form
- Transcripts in English
- A Curriculum Vitae (CV)
- 2 reference letters
- A personal statement / program rationale

What they're looking for
