

Cold Spring Harbor Undergraduate Research Program

The Cold Spring Harbor Watson School of Biological Sciences Undergraduate Research Program (URP) enables young people to be instructed in the techniques of modern biology while becoming integrated members of a vibrant scientific community. Approximately 25 students from around the world will be accepted to the 10-week summer program to work with senior Laboratory staff members on independent research projects, specifically in areas of: Cancer Biology, Neuroscience, Plant Biology, Cellular and Molecular Biology, Genetics, Macromolecular Structure, and Bioinformatics.
