

# Whitaker International Fellows and Scholars Program

The Whitaker International Fellows and Scholars Program assists in the development of professional leaders who are not only superb engineers and scientists, but who also will lead and serve the profession with an international outlook. The Program consists of two branches: Whitaker Fellows and Whitaker Scholars. Fellows must have a BS or MS degree in biomedical engineering, and they will not have a doctorate at the time they start the grant. Scholars must have a degree in biomedical engineering and a doctorate which may not have been obtained more than two years prior to the start of the grant, or must be advanced PhD candidates.
