

Goat Bucks

Goatbucks are a convenient way to pay for food, services, and bookstore purchases using your WPI ID card. All students, faculty, and staff can add funds to a Goatbucks declining balance account. You can use your WPI ID card with Goatbucks to purchase non-meal plan food and services on campus, as well as food from select off-campus locations. Best of all, you get a **10% discount** when you use Goatbucks at many campus dining locations.

GET GOAT BUCKS

Anyone with a WPI ID card automatically has a Goatbucks account. You can GET GOATBUCKS using any of these easy options.

- GET GOATBUCKS [online](#) with a credit card.
- Download the [GET GOATBUCKS APP \(IOS\)](#), [GET GOATBUCKS APP \(Android\)](#).
- Add Goatbucks using cash at the machine located on the main floor of the Gordon Library, located near the printers.
- Request Goatbucks from a friend or relative by [logging in online](#).

There is no minimum balance required in your Goat Bucks account. You can add as little as \$25 to your account, and it appears immediately on your account if you use the GET website or app.

Refunds

Upon terminating your relationship with WPI, you will receive an automatic credit for unused Goatbucks (if balance is \$10 or more) to your account (you will receive a final refund if you have a remaining credit balance on your account). The refund will appear in Workday.

NO REFUNDS are permitted during a semester unless you are withdrawing from the university.
