

# National Space Club Robert H. Goddard Scholarships

The National Space Club sponsors the Robert H. Goddard Scholarship, open to undergraduate juniors and seniors and graduate students who have scholastic plans leading to future participation in the aerospace sciences and technology. Must be US citizen. Award based on transcript, letters of recommendation, accomplishments, scholastic plans, and proven past research and participation in space related science and engineering. Personal need is considered, but is not controlling. Renewable. Send a self-addressed, stamped envelope for more information.
