

Course Registration

As a first-year student, your Academic Support Advisor will assist you in registering for your A and B term classes. Students will receive a message from their Academic Support Advisor welcoming them to WPI and explaining the next steps in the registration timeline. During your First-Year Welcome Experience, you will have the opportunity to meet with your Academic Support Advisor and create your preferred Fall semester course schedule.

Later in the Fall, you will have the opportunity to register for spring semester courses. Each semester consists of two seven-week terms, referred to as A and B-term in the fall, and C and D-term in the spring.

Project Opportunities in the First Year: Great Problems Seminar (GPS)

The Great Problems Seminar (GPS) is a two-term course that immerses first-year students into university-level research and introduces them to the project-based curriculum at WPI. As part of [The Global School](#) at WPI, the course gives students and faculty the opportunity to step outside their disciplines to solve problems focused on themes of global importance.
