

## Congratulations on Committing to WPI!

Join us for a one-day immersive event where you'll start your journey at WPI. Get ready to discover the incredible opportunities that await you and meet the our dedicated transfer team who are ready to support your success.

During the Transfer Student Welcome Experience, **Students** will:

- Connect with your **Academic Support Advisor** to explore the WPI curriculum and choose courses for the fall semester.
- Engage with **Faculty and Staff members** who will provide guidance and support throughout the summer, fostering connections and preparing you for campus life.
- Build connections with **fellow classmates**, forging friendships that will enhance your WPI experience.

For students and families who are unable to join us for an in-person experience, we will be offering a virtual session to connect and learn more.

Have questions? Please contact [transfer@wpi.edu](mailto:transfer@wpi.edu) and we would be happy to assist you!
