

Course Planning Specifics

Architectural Engineering

In addition to the course recommendations below that are specific to your major, each student must complete 4 Wellness and Physical Education courses in their four years at WPI. You are welcome to add a WPE course to any term. WPE courses are worth 1/12 unit, unlike major subjects discussed in course recommendations which are worth 1/3 unit, and can be taken in addition to the 3 courses recommended below.

For more information on the degree requirements for your major [click here](#).

SEARCHING FOR COURSES

As you begin to plan your course preferences, consider using one of the following methods:

- Visit the [Course Listings page](#). On this page, you can search for courses you are interested in and filter your search by subject, term, keyword, etc.
- The [WPI Planner](#) is a helpful tool to assist you in viewing schedule and course times as you develop your plan. Click on [this link](#) to view the planner and instructions on how to use it.

Please note: As you begin to search for courses, it is helpful to review the recommended or suggested background included in the course descriptions. Recommended background is coursework or information that has been identified as important for you to have or understand before taking that course. Suggested background is helpful information to have but may not be absolutely necessary in order to excel in the course.

Your Academic Support Advisor is available to assist you with questions.
