## Mental Health & Well-Being Reports

In early 2022, WPI's Mental Health & Well-Being Task Force presented its findings on the mental health and well-being needs of the community:

- [\*Initial Findings and Recommendations of the Mental Health & Well-Being Task Force, Phase One: Students\*](#) –January 2022
- An [Addendum](#) to the Initial Findings, providing additional feedback from underrepresented groups on campus—March 2022
- [\*Findings and Recommendations of the Mental Health & Well-Being Task Force, Phase Two: Faculty and Staff\*](#)—March 2022
- In addition, the Riverside Trauma Center provided its [independent review of WPI's protocols and practices](#).

The Task Force transitioned to the **Mental Health Implementation Team**, composed of students, faculty, and staff, to operationalize recommendations from the Task Force and others.

- In early 2023, the Implementation Team provided an update to the community; [read it here](#).
- The team will be phased out and an advisory board of students, faculty, staff, and others will be created to help ensure a focus on wellness is woven into the campus culture.
