

# After-Hours Care

## **\*\*For Urgent or Emergent Issues Only\*\***

If you need urgent medical attention that cannot wait until normal business hours (Monday-Friday 8am to 4:30pm), please call our after-hours care provider at UMass Hahnemann Family Health Center of Worcester, at 508-334-8830. Identify yourself as a WPI student to the person answering the phone, and they will have the medical provider on call return your call as soon as possible.

If there is a life-threatening emergency or if you are too sick to make necessary arrangements or need physical assistance, please contact Campus Police at 508-831-5555 and an officer will respond to your location and request an ambulance if warranted. Students with serious illnesses and injuries will be transported to a local hospital via ambulance. The ambulance fee will be the responsibility of the student. To report off-campus emergencies, call 911.

## **Emergent vs. Urgent Medical Concerns**

**I'm sick/hurt and I want to be evaluated. What's the difference between the hospital emergency room and an urgent care clinic?**
