Who We Are

WPI strives to provide multifaceted professional medical care for the treatment of student illnesses and injuries. Staff members at Student Health Services (SHS) include a team of physicians, nurse practitioners, and nurses. We're like your doctor's office away from home. Call us to schedule your next appointment for an array of primary and urgent care services.

SHS is open for appointments Monday-Friday 8am-4:30pm (closed for lunch 12pm-1pm). We are not open on evenings, weekends, or holidays when the institution is closed. Please see below for our on-call providers contact information. SHS is appointment based, and you must call to schedule an appointment to be seen by one of our medical providers. **SHS does not bill you (or your insurance) and does not charge copayment.**

We are located in Daniels Hall at 84 Institute Road, Worcester
