Academic Resources Center

The Academic Resources Center (ARC), located on the 5th floor of Unity Hall, provides tutoring support that is designed to enhance the learning experience of WPI undergraduate students.

The student-based, collaborative learning environment of the ARC offers 1-on-1 tutoring as well as group, drop-in tutoring (called MASH - Math & Science Help) for select introductory math, science, computer science, and engineering science courses. The Academic Resources center aims to assist WPI undergraduate students in the acquisition of information, guidance towards becoming independent learners, and development of skills to accomplish their academic goals.

At the ARC you will find peer tutors who provide support for introductory math, science, and computer science courses,

Tutoring will occur within the ARC hours of operation. *Actual tutoring availability for different subjects is dependent on the tutors' schedules.* No tutoring will occur on days that the University is closed or when no classes are being held (holidays, wellness days, snow days). There is also no tutoring on the first two days of each term or the last two days of each term.

Information regarding ARC Tutoring for select courses this summer

Summer 2025 Virtual ARC Tutoring

The ARC will be offering virtual tutoring this summer during E1 and E2 terms for select Math, Physics, and Chemistry courses, Monday through Friday. **Current students** can search for available appointments by going to tutortrac.wpi.edu and selecting from the available timeslots. A student must be **currently registered** for a summer course on the list (see flyer below) in order to search for and book a tutoring appointment for the course.

Summer Tutoring 2025 Courses

Alternatively, if needed, (or if the student is part of **the Class of 2029**), students can fill out the ARC Tutoring Inquiry Form to request tutoring if they have scheduling conflicts. We will work as best as we can with the student to try and get them connected with the tutor covering the subject to arrange a mutually agreeable time for the tutoring session. Further instructions on how to access tutoring offered by the ARC are also located on the Academic Resources Center Canvas Page.

Tutoring Options & Info

ARC tutors are accomplished WPI undergraduate students who assist peers with grasping new academic material and meeting instructors' standards. The ARC offers group, drop-in tutoring (MASH-Math & Science Help) and 1-on-1 tutoring for select introductory STEM courses. Click below to learn more about tutoring options.
